Strategos Consulting was established in 2008 to identify and ultimately provide usable technological solutions to the United States Government and its partners in the Global War on Terror. The company is focused on finding and mentoring niche technologies, and provides guidance, direction, and potentially capital to help new technologies reach a level of maturity necessary to respond to mission needs.

In 2009, we created Strategos Training, a professional training company focused on providing education and training to United States military personnel, international security personnel, and commercial industry focused on the maritime environment, technology, and strategic planning. Strategos Training specializes in training analysis, training plan development, curriculum development, and execution of training requirements. Strategos offers basic and advanced training to United States Department of Defense, covering a wide-range of missions and tactical situations in a maritime environment.
